Kit Assembly

Step by Step

Step 1.

Remove the base with stabilizing feet from the carry bag. Rotate the swivel feet from the under side into parallel position.

Step 2.

Take the three piece bungee pole and assemble it. Insert swage end of the pole into the top of the base.

Step 3.

With the bungee pole in place, carefully pull the graphic by the rail and attach it to the doubler cap at the top end of the bungee pole.

Repeat this step for double-sided option.

Step 4.

Setup is complete.
